### **Race Notes:**

- Overall great day. A bit of rain early then intermittent rain with sunshine!
- Trail conditionals were sloppy in spots with lots of water. Spillway ("the ditch") was flowing, assuring that no shoes were dry.
- SRFD EMS stationed a UTV and 3 paramedics at the top of Spring Creek trail. This was a response to the tragic incident at the Santa Rosa Marathon. Since ERC is a non-profit, there was no charge.
- Ribbons & Mardi Gra necklaces were awarded to all Newt Scooters as well as treats
- Ribbons were awarded to top three finishers in each age/gender group for the 4 mile as well as Gu or Bar
- Ribbons were awarded to top three finishers in each age/gender group for the 10 mile as well as a bottle of wine, bar and Gu for the winner of each age/gender group.
- Racers were all quality. All runners were back by about 11am.

- Race clean up and pack up was completed by about 11:40am. Great group of experienced volunteers!
- No one got lost!
- Even though we were “short” volunteers it worked out fine. No one was at the 0.6 mile turn and no one was at the 2 mile turn around.
